## CalWORKs YOUTH JOBS BULLETIN

**NUMBER: CalWks 00-01**

**SUBJECT: CalWorks Eligibility Verification**

**DATE: 07/31/00**

**PAGE 1 OF 1**

TO: ALL SDAs/CalWORKs Service Providers

It has come to our attention that both the SDAs and service providers are experiencing difficulties determining eligibility for some of the clients whose names don't appear on the DPSS master CalWORKs list.

We recently gained access to the DPSS WCMIS system which is a database of all the CalWORKs recipients. As a result we may be able to assist you in verifying eligibility for some of your clients whose names don't appear on the master list. Please call (213) 738-2616 and provide the staff person with the name, social security number, and CalWORKs case number, if available, of the client for whom you are trying to verify eligibility.

**Currently, our access to the WCMIS system is very limited, consequently this option should be used as a last resort, only after other means of eligibility verification have been exhausted.**

If you have any questions, please call Patrick Malekian at (213) 738-2683.
