

LOS ANGELES COUNTY WIA YOUTH PROGRAM BULLETIN

NUMBER YTH01-15

SUBJECT: TRACKS A-B-C SLOT COSTS

DATE: 03/29/01

EFFECTIVE DATE: IMMEDIATELY

PAGE 1 OF 1

To: ALL WIA SERVICE PROVIDERS

At its March 20, 2001 meeting, the Youth Council requested that they be provided with each service providers' individual slots costs for Tracks A,B, and C. We will provide this information at their next scheduled meeting. We will also provide them with the number of participants each service provider has enrolled in each of the Tracks.

The number of participants you have enrolled in each of the Tracks is not available to us through the State JTA MIS System. This information is found in each participant's file folder in the Individual Service Strategy form. Attached is a form that will need to be submitted to us no later than April 30, 2001 to allow us time to include the latest numbers when the agenda is mailed to the Youth Council members.

Also, please provide a copy of the latest listing of your participants (the participant roster accessed through the state JTA MIS system), and mark the appropriate Track letter (A, B, or C) next to each participant's name. During the months of May and June, our Monitoring staff will make appointments to interview participants of your various tracks.

Please do not call Mike Arredondo or the MIS staff to request their assistance in obtaining these numbers. They can not help you. You must review your participant files in order to obtain the numbers.

If you have any questions, please call your assigned Analyst.

KENNETH KESSLER, Director
Workforce Investment Programs
