The purpose of this bulletin is to inform all WIA Youth and CalWORKs Youth Jobs service providers that the County Board of Supervisors has set policy, which eliminates advance payments to subcontractors, except:

1. In the first year of funding of a program
2. A subcontractor is in their first year of funding, even though the targeted program is not in its initial year of funding; or
3. A subcontractor is receiving new funding to operate a new program.

Therefore, effective July 1, 2001 no advance payments will be available to the WIA Youth or CalWORKs Youth Jobs service providers
