Mr. Richard Verches, Executive Director
Los Angeles County Workforce Investment Board
3175 West 6th Street, Room 302
Los Angeles, CA 90020

Dear Mr. Verches, *RICHARD*

Congratulations! Your Local Plan has been approved and your local board re-certified.

As you are aware, the State Board's goal was to encourage a planning process that supported local workforce investment board efforts to deliver on the Governor's vision of an effective workforce system. These plans demonstrated that local WIBs are involved in developing solutions to workforce challenges in communities across the State.

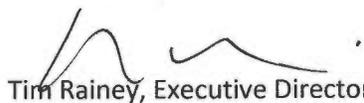

High Performing Boards will be announced at an upcoming State Board meeting. Local Boards receiving this status will be notified in advance, and invited to be recognized for their work. Those not awarded High Performing Board status will have the opportunity to further develop their plans. If you are interested in reviewing your plan scores and comments, these will be made available within the next two weeks.

While your plan has been approved and your board re-certified, many of the plans have findings that were revealed in the review. These will be passed along to the Employment Development Department's Workforce Services Division. **Please note that approval of your plan does not constitute approval of any plan elements that may be later found to be out of compliance with federal or State law or regulations.**

We look forward to working with you and providing any assistance that we can to help you reach your program goals. If you have any questions you may contact Assistant Director Amy Wallace at (916) 324-3469 / amy.wallace@cwib.ca.gov.

A hard copy of this letter will be sent to you this week.

Sincerely,

Tim Rainey, Executive Director
